VINOD RAI

Dear Mr. Oviir,

I refer to your letter No. 11-5.1/11/13 of 18 May 2011 regarding nomination of new Chair of the INTOSAI Working Group on Environmental Auditing (WGEA) on your demitting Chairmanship at the end of your tenure as Auditor General of Estonia in 2013. I extend my compliments to you for remarkable stewardship of the Working Group and acknowledge with gratitude the tremendous contributions made by SAI Estonia in the field of Environmental Auditing.

As SAI Estonia intends to give up the Chairmanship of the Working Group in 2013, we present SAI India's candidature for Chairing WGEA from 2013. We will strive to take forward the legacy established by SAI Estonia with your cooperation. You would be aware that we are coming up with an International Centre for Environment Audit and Sustainable Development (iCED) at Jaipur, as a global training facility for carrying out international training on environment audit. We are already in the process of finalizing a project with WGEA on using this facility for running WGEA capacity building programmes.

Best regards

Yours sincerely,

(Vinod Rai)
